

# Enabling Change

- *Main barriers to achieving low carbon sustainable transport by 2030?*
  - *Political buy in*
  - *Political courage*
  - *Public buy in*
  - *Consensus*
  - *Promoting mobility in the mix*
  
  - *Realistic targets*
  - *Monitoring*
  - *Not re-inventing the wheel*
- *Key strategies to overcome?*
  - Consultation
  - Learning other cities
  - Governance
  - Exploitation of BP, ICT

February 2010, Brussels

# Enabling Change

- *Main barriers to achieving low carbon sustainable transport by 2030?*
- *Key strategies to overcome?*
  
- What are the biggest knowledge gaps?
- Who needs knowledge?
- How do we fill the gaps?
  - Presentation (links, networking, bloggs, audio, video, webinars)
  - Tools (scenarios, models, what ifs)
